

Child Sexual Exploitation (CSE) Prevention, Protection and Investigation Training

Target Group: Working Together Groups 2-8

Aim: This course is aimed at all practitioners working with children, young people and families. It will be particularly relevant for those with responsibilities for preventing or investigating Child Sexual Exploitation (CSE). Delivered by highly specialised trainers with many years of frontline experience, the course includes a diverse range of case studies, video clips and interactive workshop sessions.

Course content:

1. Child Sexual Exploitation in context with normal child development
2. Typical indicators of CSE
3. Commonly used grooming tactics, the child's perspective and behaviour
4. Factors that increase vulnerability to CSE
5. Building trust and promoting engagement with children, young people and families
6. How to respond to concerns
7. Risk assessments and harm levels
8. Sharing information with other agencies
9. Improving multi-agency working in relation to CSE
10. Taking emergency action
11. The law relating to CSE and trafficking
12. Complex CSE cases
13. Raising awareness of CSE
14. Statutory references, good practice and guidance

Course length: 1 day

Facilitated by: Trainers from Just Whistle (The UK's first Social Enterprise dedicated to eradicating Child Sexual Abuse)
