

Level 2+ Child Protection Refresher for Childminders

Course Description: Building on training at Level 2+, this training aims to refresh practitioner's awareness of individual roles and responsibilities and those of other agencies, working with families to safeguard children. The course explores early help processes and intervention, the referral system for child protection concerns, child in need and child protection processes, recording and confidentiality. The training will equip practitioners to understand the context and their responsibilities when safeguarding children.

Target Group: Level 2+ Child Protection Refresher is specifically designed for childminders as a refresher to the full Level 2+ course. This training is for Childminders who require refresher training and have already completed the full Level 2+ Childminder course. This is a two part course running over two evenings; delegates must attend part one and part two. The course is also open to Early Years staff within settings, priority will be given to childminders (please contact us to discuss).
